Services

Pulaski County Council for Children and Youth Services (PCCCYs) is a coalition of county, state, and local governments, service organizations, businesses, churches, civic groups, and associations. These organizations have joined the Council for the expressed purpose of assisting neighborhoods and communities in the County to develop and sustain comprehensive, long-term prevention, support, and service initiatives for their children and families.

Through the PCCCYs, neighborhoods and Communities concerned about the health and welfare of their children and families will have a wealth of resources at their disposal.

THE OUR CLUB PROGRAM

The concept of Our Club was developed by neighborhood groups and professional organizations to build and coordinate comprehensive prevention and support systems in at-risk neighborhoods and communities. The Our Club Program is designed to empower the youth and families to handle and solve their own problems. The program operates through an incentive component designed to reward youth for positive participation in the Our Club. The program is offered to youth as a deterrent to drugs, gangs, violence and other negative behavior that exists in our society. The philosophy of the Our Club Program is:

“For Young People Who Want to be Somebody”.
