## What is A Ropes Challenge Course?

A ropes challenge course is a series of facilitated problem solving tasks or events. Activities offer individual challenges from ground-level to more ambitious heights. All tasks require a combination of trust, support, commitment, coordination, balance and teamwork from participants.

Our ropes course offers educational programs for youth and adult groups encompassing team building growth of individual personality through working with others and leadership advancement. No need for athleticism! You can still benefit from the ropes course experience, you just have to be willing to try. Placing an emphasis on trust, teamwork, communication and goal setting, the ropes course is a valuable learning tool for:

- Youth Groups
- Church Groups
- Business/Corporations
